

Dear Board of Directors of Laurencia's Victory,

We, _____, are requesting grant support from Laurencia's Victory for our adoption fees. Our adoption will cost approximately \$_____ at completion. Some of the fees include:_____ (give brief explanation of fees and/or financial breakdown). These costs represent an extreme financial burden for our family (or include additional statement of the hardship this represents for your family). Furthermore, we anticipate or have additional expenses in the form of _____ (e.g., medical expenses once child is home, give brief examples if allowed to disclose). With these additional (medical, etc.) needs, there will be additional costs above and beyond just our adoption costs. We respectfully ask that Laurencia's Victory join us in meeting our adoption and/or post adoption medical needs/expenses.

Sincerely,
